

# Timber Venetian Blind Colour Selector

## Ultrawood

50mm & 65mm

Used as an economical alternative, Ultrawood is an expanded Wood Fibre Polystyrene Composite rated up to 65 degrees Celsius which does not absorb moisture and is suitable for wet and humid areas including bathrooms and kitchens.

## Cedarline

Oil Finish

46mm, 60mm & 84mm

Vertilux Cedarline Oil Finish is aerated and naturally dried prior to manufacture, increasing its attractiveness and durability. It exceeds Australian standards for colourfastness and to highlight the natural grain the latest in UV protection oil is used.

## Cedarline

UV Lacquer

46mm, 60mm & 84mm

Vertilux UV Lacquer Finish undergoes the same process as the Oil Finish, however, the latest in UV protection lacquer is used. During the manufacturing process the slats are evenly graded and vacuum coated in a single pass to ensure all four sides of each slat have a completely even finish.
